

TIEMME RACCORDERIE S.P.A., leader in production and sales of fittings systems, manifolds, pipes, valves and taps for hot and cold water, gas and solar installations, in conformity with the regulations in force

DECLARES

under its own responsibility, that the following products:

BALL VALVES FOR GAS “URAGANO” - SERIES 2200G
BALL VALVES FOR GAS “TIFONE” - SERIES 2600G
BALL VALVES FOR GAS “TORNADO” - SERIES 2370G – 2381G

are designed and manufactured according the sound engineering practices:

- They conform to our internal manufacturing and control procedures according the standard EN ISO 9001:2008.
- They comply with Regulation (EU) 305/2011 of the European Parliament and of the Council of 9 March 2011 (Construction Products Regulation - CPR).
- They are designed and manufactured in accordance to the standard EN 331 (Manually operated ball valves and closed bottom taper plug valves for gas installations for buildings);
- The brass alloy CW617N used in forged bodies conforms to the standard EN 12165.
- The brass alloy CW617N used in parts wrought from bar conforms to the standard EN 12164.
- The aforementioned brass alloys conform to the 4MS Common Composition List and therefore are suitable for use with drinking water.
- The connecting threads conform to the standard EN 10226 (ISO 7).
- They comply with the information illustrated in the respective technical sheets.

DECLINES

any liability for damages to persons or objects resulting from tampering or from incorrect or unsuitable use installation of the abovementioned products.

The Technical Director
Pierfausto Stefana
